INSTRUCTIONS FOR ZONING CERTIFICATE PLOT PLAN

1. Indicate north on the plot plan form.
2. Plot all existing buildings on the lot with dash lines and include dimensions of the existing buildings.
3. Plot all planned (new) buildings with solid lines and include dimensions of the new buildings.
4. Dimensions must show all building sizes, both existing and new as well as side, rear and front yard setback lines.
5. The plan must show driveway location and the position of the house on the lot with all the setback lines.
6. Certificates are considered void if work has not begun within six (6) months and is not completed within two (2) years from the date certificate is issued.
7. All drawings submitted to the Zoning Inspector must be neat, legible and to scale or as near to scale as possible.
